

## CHALLENGES

- Our new client Hanlon Industries required an installation partner in WA.
- They required a trustworthy and capable partner to build numerous digital display signs.

## SOLUTION

1

Hanlon Industries chose BMH because we are a multiskilled partner that is capable of project managing multiple jobs across numerous suburbs.

2

Civil Works, Traffic Management, Assembling, Warehousing, Electrical and Logistical Services have been provided throughout this contract.

3

Display Sign materials are delivered to our warehouse for storage in one unit and then our team assemble them in another unit.

4

We follow and complete a time and project schedule as set out by the client.

## RESULTS

Digital Display Signs have been stored, assembled, delivered and installed on time and on budget.

We have just been awarded a new contract and we have also won a large project at Vicinity Galleria.

BMH Electrics enjoys an excellent working relationship with our client and you can now see many of these digital display signs all over Perth, WA.
